Soluble Collagen

Supplier identity withheld by EVENSKYN.

EVENSKYN holds a supplier-issued source confirmation letter dated 2026-08-24 concerning the Soluble Collagen used in the Syntha-Pep™ serum. The declarations made in that letter are reproduced below without alteration.

DECLARATIONS

“The Soluble Collagen used in the Syntha-Pep serum is produced through a yeast fermentation and purification process, rather than by direct extraction from animal sources.”

The original letter is held on file by EVENSKYN. The issuing party's identity is withheld.
