

SOURCE DECLARATION

PDRN Source Declaration

PDRN (Sodium DNA)

Supplier identity withheld by EVENSKYN.

EVENSKYN holds a supplier-issued source confirmation letter dated 2026-08-24 concerning the PDRN (Sodium DNA) used in the Syntha-Pep™ serum. The declarations made in that letter are reproduced below without alteration.

DECLARATIONS

“The PDRN (Sodium DNA) used in the Syntha-Pep serum is of biosynthetic origin and is not derived from salmon.”

“The PDRN is produced through a controlled biosynthetic manufacturing process.”

“The process does not use salmon-derived raw materials or salmon tissue as its source material.”

The original letter is held on file by EVENSKYN. The issuing party's identity is withheld.
